"we make your money count"

SL-250-S Banknote Sorter / TITO Scanner

The SL-250-S banknote sorter / TITO scanner is a fast, high quality 3 pocket machine. The machine will value count mixed banknotes into pocket 1 and sort TITO tickets into pocket 2 in one pass, with the option of capturing images of the front and back of every TITO ticket. The image feature allows venues to discard physical tickets by keeping a digital copy.

FEATURES

- High-resolution dual image scanning
- Mixed / sort / face / window / batch function
- High-speed value count / sort - 1500 notes per minute
- 5-inch touchscreen LCD display
- Fastest 3 pocket sorter available
- Counterfeit detection
- Ergonomic, detachable display
- Easy to upgrade via SD & USB port
- High quality, lowest cost 3 pocket sorter
